## ADDITIONAL INFORMATION

### Role on Team

Provide a brief description of your role on the team.

#### Reminders:

1. Character limit for this section is **2500**. However, the character counter is set at 2750, to allow users to enter the maximum character limit of 2500.
2. Scientific and/or mathematical symbols must be spelled out. These symbols may not be recognized or correctly displayed in the text box or the .pdf document.
3. When copying and pasting huge amount of data into the text boxes, the character limit counter text will turn to red. This is a warning that you may have to adjust the amount of data you are copying and to monitor that you are not exceeding the character limit.
4. Maintain consistent font style and size by ensuring formatting has been applied to all data before copying them in the text boxes.
5. Before you submit your application, check the PDF to ensure that the text entered is displayed correctly.

### Relevant Experience and Skills

Provide any relevant experience and skills you have applicable to this application.

#### Reminders:

1. Character limit for this section is **2500**. However, the character counter is set at 2750, to allow users to enter the maximum character limit of 2500.
2. Scientific and/or mathematical symbols must be spelled out. These symbols may not be recognized or correctly displayed in the text box or the .pdf document.
